

SPRING HAS SPRUNG IN THE COUNTRYSIDE COLLECTION

From the mustard pop of **Gorse** and vintage green of **Goujon Vert** to the muted blue of **Aged Copper** and earthy pink of **Dusky Linen**, Fenwick & Tilbrook's shades of Spring are all part of it's elegant Countryside Collection.

With many of the colours inspired by the beautiful county of Norfolk, each and every one has extraordinary chroma. The intense depth of colour and light reflective qualities are due to the high quality pigments used in the unique recipe created by Fenwick & Tilbrook.

The Countryside Collection comprises 30 beautiful colours bringing together a mix of new colours, specials editions and some classic favourites.

Fenwick & Tilbrook is a small, boutique business based in the heart of Norfolk. Hugely passionate about providing the best service to its customers, the team makes each tin of paint to order and dispatches that day for next day delivery, meaning nothing is left sitting on a shelf. Offering the highest quality paint in a wide colour palette, they also provide a bespoke service allowing customers to work alongside the Fenwick & Tilbrook team to create their perfect shade.

Fenwick & Tilbrook is priced from £25 for 1 litre of Pure Matt emulsion.

“NEW SPIRIT” PAINT TREND FOR 2021
Pastels with an Edge!

Colour is so much more than just decorative; it is emotive. With the recent demand for both grounding, safe shades and more expressive brighter tones Fenwick & Tilbrook paints has curated a mini collection which has been named New Spirit to encapsulate this growing trend.

Incorporating subtle shades of pink and warm neutrals alongside yellow - with the mysterious old parchment shade Buried Treasure - and the wonderful greenish blue of Blackbird Egg, these colours not only work beautifully in a group, they work as stand alone shades too. All of the colours have incredible chroma. This intense depth of colour comes from the quality of the pigments in each tin.
